Subsurface Asset Management and Surveying Conference (SAMS '19) 25 - 26 March 2019

Invitation to Exhibitors and Sponsors

Dear Friends and Colleagues,

Assalamualaikum dan Salam Sejahtera.

It is our privilege and honour to invite you to the Subsurface Asset Management and Surveying Conference (SAMS '19) which will take place in Kuala Lumpur from 25th to 26th March 2019 at the Istana Hotel Kuala Lumpur City Centre. We expect to host more than 500 participants.

The Conference is organised by Association of Authorised Land Surveyors Malaysia (PEJUTA) and will be supported by Lembaga Jurukur Tanah (LJT).

The theme is **"Bridging the Underworld"**. This inaugural conference aims to gather utility providers, surveyors, engineers, town planners, local authorities and government agencies to understand and to create awareness about subsurface asset management and underground utilities developments in Malaysia. The Conference is meant to be a forum for higher learning institutions, universities, utility providers, government agencies and stake holders to present their developments and applications, discuss new technology, exchange ideas and to recognise the importance of subsurface asset management.

During SAMS '19, a full program with trade exhibition and technical paper presentation will be offered from 25th to 27th March 2019. Organisations from PEJUTA Corporate members as well as others representing spatial technologies and service industries and businesses; professional service industries and businesses; construction technologies, management and services industries; building technology and materials industries; mobile communication services; property development and services industry; financial services industry and businesses; together with organization and businesses that are allied, complementing or peripheral to the profession are invited to sponsor, participate and display their products and services at SAMS '19.

Exhibitors are allocated presentation slots to demonstrate their products and services in more detail than they might be able to achieve on their stand. These sessions are extremely popular in many international conferences with many presentations often left with standing room only as visitors flock to find out about the latest product launches, developments and services on the market. These presentation slots are offered on a **complimentary** basis to confirmed exhibitors on a first come, first served basis.

A **20 minutes** complimentary commercial workshop slot will be allocated when the initial stand booking is made (subject to availability). At a later date additional information on the content of the workshop will be requested. SAM'19 team will then develop a programme that ensures that similar technologies or presentation are not running concurrently in the conference main venue as this will then enable the maximum number of buyers to attend each relevant session.

Exhibiting companies will not be able to select the specific time that their workshop is held. But more favourable time slots will be allocated to those companies that booked their stand first and provided their additional workshop information early.

If an exhibiting company would like to offer a workshop on both days of the event they can purchase an additional presentation session subject to availability. The programme will be confirmed early next month. Please contact Pejabat to discuss your requirements.

The exhibition will be located at the Foyer, Lower Lobby of Hotel Istana Kuala Lumpur City Centre. Coffee breaks will be held within the exhibition area. You may wish to note that the technical program within SAMS '19 will be held entirely on the same level at Hotel Istana Kuala Lumpur City Centre.

Please find enclosed herewith Reply Form for various Exhibition Packages and Sponsoring Option, as well as the Floor Plan Overview of the exhibition space to be submitted to PEJUTA Secretariat by 4th March 2019.

We encourage you to take an active part in this gathering and secure your place as an exhibitor and/or sponsor.

Should you require any further information please do not hesitate to contact the Secretariat Office (Tel +03-41088540; Fax +03-41071140; secretariat.pejuta@gmail.com).

We look forward to your contribution and participation at SAMS '19.

Yours sincerely,

PERSATUAN JURUUKUR TANAH BERTAULIAH MALAYSIA

HJ SHAHARUDDIN BIN MUSA
Secretary General
